

Committee Work Programme 2012/13

Portfolio:	Corporate
Ward(s) Affected:	n/a

Purpose

To consider a Committee Work Programme for the municipal year 2012/13

Background

1. The External Partnerships Select Committee was appointed by the Council at its annual meeting on 16th May 2012 for the period 2012/13.
2. Part 4 of the Constitution requires the Committee to agree a work programme for the municipal year.
3. The Committee Work Programme will develop through the forthcoming municipal year, to meet new demands and changing circumstances. The Committee will be expected to review its work programme from time to time and make minor amendments as required.

Work Programme

4. The Council at its annual meeting agreed revised Terms of Reference for the Committee. The Committee will now be responsible for the scrutiny of the new Health Panel and the new Police and Crime Panel. It is also the Council's designated Crime and Disorder committee and will therefore receive regular updates on community safety in the borough from the Neighbourhood Inspector, Martin Goodwin.
5. The Committee is also reminded that, at its meeting on 21 February 2012, the Executive agreed that the performance of each of the organisations receiving a Revenue Grant would be closely monitored during 2012/13 and a fundamental review of the grants would be carried out with a view to evaluating the effective use of funds. In order to assist the Executive in the gathering of the information from the relevant organisations, presentations from organisations receiving these grants have been scheduled throughout the municipal year.
6. Members of the Committee are asked to note these requests and consider scheduling items into the Committee's future Work Programme as they consider appropriate.

Proposed Meeting Dates

7. The Committee is scheduled to meet on the following dates in the 2012/13 municipal year:
5 March 2013

Proposal

8. The Committee is asked to consider the list of issues, any priority required and to give an indication of which issues should be brought to future meetings.
9. A list of issues and organisations to be considered for scrutiny during the municipal year is attached at Annex A. A proposed programme for the remainder of the municipal year is attached at Annex B.

Resource Implications

10. Resource implications will depend on the issues brought before the Committee. The implications both in terms of prior to/during the meeting and any resultant work will have to be assessed when individual meetings are planned and the Committee decisions are known.

Recommendation

11. The Committee is asked to consider the list of issues to be considered during the year and agree a work programme for the 2012/13 municipal year.
