

## **Food Safety Service Plan 2015/16**

### **Summary**

The Food Standards Agency requires all food authorities to have a Food Safety Service Plan to ensure that national priorities and standards are addressed and delivered locally. The Framework Agreement on Local Authority Food Law Enforcement which provides guidance on Food Safety Service Plans advises that they should be submitted to the relevant member forum for approval to ensure local transparency and accountability. This report presents the Food Safety Service Plan for 2016/17.

**Portfolio:** Community

**Date Portfolio Holder signed off report:** 13 July 2016

**Wards Affected:** All

### **Recommendation**

The Executive is advised to resolve that the Food Safety Service Plan 2016/17 attached at Annex A to this report be approved.

#### **1. Resource Implications**

- 1.1 There are no additional resource implications arising from this report.
- 1.2 The Council employs 2.5 FTE officers to enforce food safety in 634 food businesses.

#### **2. Key Issues**

- 2.1 The Food Standards Agency requires all food authorities to have a Food Safety Service Plan to ensure that national priorities and standards are addressed and delivered locally. The Framework Agreement on Local Authority Food Law Enforcement which provides guidance on Food Service Plans advises that they should be submitted to the relevant member forum for approval to ensure local transparency and accountability.
- 2.2 The draft Food Safety Service Plan 2016/17 is attached at Annex A.
- 2.3 The headlines are as follows:
  - a. The number of Food Businesses in the Borough which are “Broadly Compliant” with food hygiene law remains high at 97%. This figure is particularly good as there were approximately 50 new businesses inspected over the course of the last year.
  - b. Officers carried out 380 food safety interventions with 100% completed within the due date. All interventions completed were of the correct standard and quality.

- c. The Council continues to support its two Primary Authority Partnerships (PAPs) with Exclusive Hotels, the owners of Pennyhill Hotel, and Krispy Kreme Doughnuts.

- 2.4 In 2016/17 the Council intends to build on the success of the Food Hygiene Rating System and maintain the proportion of food businesses which are “Broadly Compliant” with food hygiene laws to at or above 95%.

The number and percentage of broadly compliant food businesses has increased consistently since 2009/10. In 2009/10 83% of food businesses were broadly compliant. Officers have done a significant amount of work with the non-broadly compliant businesses to achieve these improvements. Over the next year focus will be on sustaining the improvements in the businesses and continuing to take action in non-compliant businesses.

- 2.5 There will be more focus on conducting the first inspection at premises within 28 days of registering and conducting programmed interventions within 14 day before or after the due date target.
- 2.6 Officers continue to regulate food hygiene standards consistently and in accordance with the Council’s Enforcement Policy.
- 2.7 The sampling and environmental swabbing programme will continue in 2016/17 and will include foods of animal origin or non-animal origin.

### **3. Options**

- 3.1 The options are to approve or to amend the attached Food Safety Service Plan for 2015/16.

### **4. Proposals**

- 4.1 The proposal is for the Executive to approve the attached Food Safety Service Plan for 2016/17.

### **5. Supporting Information**

- 5.1 Further information on the requirement and contents of Food Safety Service Plans can be found at <http://www.food.gov.uk/multimedia/pdfs/frameworkjuly04.pdf>.

### **6. Corporate Objectives And Key Priorities**

- 6.1 The food safety service helps meet the following Corporate Objectives in the Council’s 2020 Strategy:

**Objective 1** – We want to make Surrey Heath an even better place where people are happy to live.

**Objective 2** – We will sustain and promote our local economy so that our people can work and do business across Surrey Heath.

**Objective 4** – We will build and encourage communities where people can live happily and healthily.

## **7. Legal Issues**

7.1 In the United Kingdom Food Safety Law is enforced by officers employed by local authorities and port health authorities who are collectively known as Food Authorities. The enforcement of food safety law is one of the Council's statutory functions.

7.2 The Central Competent Authority for the arrangement of food official controls is the Food Standards Agency. Statutory guidance on the way that official controls should be carried out is provided in the Food Law Code of practice and this is supported by non-statutory guidance in the Food Law Practice Guidance. Further guidance is provided by the Food Standards Agency with respect to the delivery of official controls by food authorities in the Framework Agreement which also sets out the Agency's arrangements for food authorities.

7.3 The Food Standards Agency power to monitor and audit local authorities is contained in the Food Standards Act 1999. The Food Standards Agency follow-up action to Agency audits will depend on the level and type of non-conformance identified and the action plan produced by the local authority. Follow-up arrangements by the Agency will, in some circumstances, include re-visits to local authorities. Where these arrangements identify a local authority failing to implement all or part of their action plan, subsequent Agency action will be considered on a case by case basis.

## **8. Consultation**

8.1 The Licensing Committee, at its meeting on 29 June 2016, considered the draft Food Safety Service Plan and recommended its adoption by the Executive.

## **9. Risk Management**

9.1 Failure of the Authority to have an approved Food Law Enforcement Service Plan could result in criticism and even action by the Food Standards Agency and could have a detrimental effect on the reputation of the Council.
