Substitutes: Cllr Nick Chambers (In place of Cllr Chris Pitt) and Cllr Valerie White (In place of Cllr Oliver Lewis)

Members in Attendance: Cllr Mrs Vivienne Chapman and Cllr Paul Deach

In attendance: Jayne Boitout, Community Development Officer
Teresa Hogsbjerg, Economic Development Manager
Louise Livingston, Executive Head: Transformation
Jon Murrell, Consentricare
Kevin Travers, Enterprise M3 Local Enterprise Partnership

1/EP Minutes of Last Meeting

The Minutes of the meeting held on 13 February 2018 were confirmed and signed by the Chairman.

2/EP Consentricare

Jon Murrell, Executive Partner, gave a presentation in respect of Consentricare a local privately-owned business set up to simplify the act of arranging and monitoring elderly relatives' care.

Consentricare was born out of the personal circumstances of the executive partners' experiences and difficulties in arranging care for elderly relatives. They identified a need for a free, mobile product to make it easier for relatives and friends to organise care and support for elderly loved ones. It was acknowledged that there was little NHS funding for someone who needs relatively little help and it was still a difficult task organising the required additional care, such as preparing meals, getting in and out of bed, so elderly relatives would still live independent lives.

Consentricare's first product, a mobile app called Carehound would be launched in late-summer. The app would simplify the "Care conundrum", and allow elderly people's relatives easy access to the right information, and enable a suitable care package to be implemented. The various specific ways which Carehound guided its customers through the "care maze" were outlined. The app would collate advice from non-governmental bodies such as Care UK and Age UK, act as a directory of Care Services and trades who can adapt homes, and provide progress reports and alerts to relatives.

It was recognised that the help and support the Consentricare team had from Surrey Heath's Economic Development, Transformation and Community Partnerships teams had been invaluable. It was explained that the Economic Development team had helped to develop the company's Public Sector contacts and indirectly refined and developed the Company's business idea by encouraging entrance to the Surrey Heath Business Awards.

It was also noted by not coming from a background within the Care System the two founding executive partners of Consentricare, had brought a fresh approach to the industry and a focus to the customer experience.

Arising from Members' comments and questions the following points were noted:

- Carehound would be funded by advertising revenue and eventual sponsorship of the app further down the line. Social care companies and private meal services were mentioned as potential advertisers.
- Initially Carehound would be primarily advertised via targeted Facebook advertising campaigns. Consentricare had also been in contact with the NHS chaplaincy programme to discuss the promotion of Carehound during their work.
- Even though there were currently only test users, it was aimed that there would be 2000 Carehound users by the end of August 2018.
- There was consensus that the app would be hugely beneficial in increasing accessibility to elderly social care provision in the more rural areas of the Borough.
- Carehound would be a free to use information and contact directory which would be accessible to all even though the target market were relatives who were "Cash rich and time poor".
- The app would log care-arrangers previous phone calls and notes against the directory of Care Services, and aim to facilitate eventual face-to face meetings about elderly relatives' care.

It was noted that Members would like to see Consentricare present to the External Partnership's Select Committee in a year's time to hear about the company's progress.

The Committee thanked Jon Murrell for his informative update.

3/EP Surrey Heath Economic Development update

Teresa Hogsbjerg, Economic Development Manager, Surrey Heath Borough Council, gave a presentation in respect of the work of Surrey Heath's Economic Development Team including its strategy to promote economic development throughout Surrey Heath.

It was noted that the Economic Development team had three wider goals for Surrey Heath:

1. A sustainable place to live, work, shop and play.

- This featured supporting major development works. For example the team facilitated a breakfast meeting for local business people to inform them how the Meadows gyratory works would affect their businesses.
- Data collation has given the Council a better understanding of the Borough's Visitor Economy. It has been better determined where the Borough's non-resident visitors come from and via which mode of transport.

2. A Great Place for Business to Flourish

- The Economic Development Team has supported local businesses to enable them to reach their growth aspirations.
- Local businesses and start-ups have been advised of local funding and support sources available to them. Small businesses have been advised on how to acquire funding from bodies such as The EM3 Growth Hub and Innovate UK.
- Recently work with the Department of International Trade has been conducted to develop an inward investment strategy.

3. A Great Place for People to Succeed

- The Economic Development team has worked with businesses to support training programmes prior to opening of large developments.
- Work with partners has ensured programmes would be in place for personnel leaving the military. Programmes have been catered to ensure the skills that are developed match the needs of the local economy.
- Work with the DWP (Department Work and Pensions) has enabled links to programmes that would train those looking for work in new business areas.

Arising to the subsequent discussion to the presentation the following points were noted:

- Much of the data that was currently extrapolated in relation to Surrey Heath's visitor economy was restricted to footfall numbers. A longer term aim was to liaise with the specialist data companies (that include methods such as collecting data mobile and iBeacon communication) to expand the depth of information possible to enable an improved understanding of the reasons why visitors come to Camberley.
- Camberley's lack of presence on signage on the Motorway Network had an ongoing negative effect. It was recognised that having Camberley more prominent on signage would help support many of the town's economic aspirations. It was noted that the Council and the Local MP were currently

lobbying the Highways Agency for greater presence for Camberley on the network.

It was also acknowledged that Surrey Heath firmly maintained its presence at Highway's Agency meetings and gave it a greater voice on such issues.

- There had been ongoing discussion regarding the Council's response to the planned closure of the House of Fraser store in the Square shopping centre. It was recognised, although the closure was a setback, Surrey Heath was in an advantageous position to deal with the closure. It was noted that the Council owned the building meaning the Council would make sure whatever took over the vacated space, suited and met the needs of Camberley. Additionally there was potential for the vacated space to become Camberley's unique selling point, and there was need for greater Council communication to residents regarding the closure.
- The Executive Head for Transformation and the Economic Development Manager were developing a formal document setting out the Council's Town Centre development strategy.

Members thanked Teresa Hogsbjerg for her informative presentation and her work organising the Business Breakfast meeting on the Meadows Gyrotory works. The committee also stated they look forward to working with Teresa on the London Road Block redevelopment.

4/EP Enterprise M3 Local Enterprise Partnership (LEP)

Kevin Travers, Transport Project Manager, gave a presentation in respect of the work of Enterprise M3 Local Enterprise Partnership (LEP).

The Enterprise M3 Local Enterprise Partnership (LEP) was a public/private partnership which had been set up to support and sustain economic growth within the M3 corridor. Since 2014, the M3 LEP has acted as a facilitator to promote economic growth and bring businesses and local government closer together. The LEP spends, secures and supports various streams of funding to help start-up businesses and to promote business and enterprise in the area. The partnership has also emerged as an advocate and champion of the Local Area.

The Enterprise Area covered the region between the port city of Southampton and Heathrow Airport and had a Gross Domestic Product similar to that of Denmark. It was recognised the Enterprise Area was home to 3.1% of UK businesses and its main export partner was the USA; primarily in the field of defence products and services. Camberley has been identified within the Enterprise Area as a 'step-up town', which had unfulfilled economic potential.

Since 2014 the LEP has secured £219.1 million of Growth Deal funding from the Department of Communities and Local Government and in total money has been spent on 45 different products. Of this £18 Million had been spent on projects within Surrey Heath including improvements to the Blackwater Valley Connectivity project, the ongoing Camberley Town Centre Public Realm project and a £1.5 million loan to develop Chobham SANG and mitigate the impact of 80 new homes. Future projects funded by the LEP would include improvements to the Meadows

Gyratory, Blackwater Valley Gold Grid and a package of junction, streetscape and highway improvements to the A30, London Road in Camberley.

The LEP planned to develop a 5G Gaming Hub in Camberley and the surrounding M3 Enterprise Areas in the upcoming years. The proposed Gaming Hub would build upon the existing games design communities in Camberley, Guildford and Aldershot and would aim to foster growth in the creative and digital industries. The LEP had aims to develop the area's infrastructure to enable it to harness new technologies in the future such as electric and driverless cars. A local low-Carbon Strategy was also being developed for the Enterprise Area.

Arising from the Committee's questions and comments the following points were noted:

- Securing of greater Central Government funding had enabled the onset of various Camberley 'Step-up Town' initiatives such as the Blackwater Valley Gold Grid Project, which would provide significant improvements to transport links between Camberley and the surrounding towns, and would fund the Camberley Town Centre Public Realm improvements.
- Even though there was potential for greater opportunities and faster connectivity via the growth of 5G, there were still improvements to be made in regard to local 4G and 3G connectivity particularly between Camberley Town Centre and the Meadows Roundabout.
- The M3 Enterprise Area was in a good geographical position to capitalise on the new potential trade opportunities resulting from the UK leaving the European Union. It was noted the M3 is a major gateway to Heathrow Airport and the Port of Southampton.
- LEP funding streams were often staggered across several year periods. The Local Growth Fund allocations for 2014- 2021 were supplied in three separate parts: in 2014, 2015, and 2017. The LEP allocated the majority of these funds as loans or grants to partners' projects, such as those of local authorities, universities and businesses. Between £7 million and £8 million allotted for project loans in 2018 had not yet been allocated.
- There was a balance to be struck between sustainable transport projects such as the creation of the pedestrian and cycle route on the Blackwater Valley Relief Road and the allocation of funding towards maintaining the conditions of existing infrastructure.

The Committee thanked Kevin Travers for his informative presentation and update.

5/EP External Partnerships Work Programme 18/19

The Committee received and noted a report setting out its proposed work programme for 2018/19 municipal year.

Chairman

Presentation -- Voluntary Support North Surrey

Portfolio	Transformation
Ward(s) Affected:	All

Purpose

To receive a presentation from Solette Sheppardson, Voluntary Support North Surrey.

Background

1. Voluntary Support North Surrey (VSNS) provides a support service for voluntary organisations in Surrey Heath (which totals 400+) Runnymede, and from April 2017 the district of Spelthorne was added. This is provided by the equivalent to 7 FTE who are located in all areas covered.
2. VSNS are located in the Ian Goodchild Centre, along with Surrey Heath Age Concern and Camberley Care amongst other groups. The partners have entered into a 5 year lease from October 2014 which provides a reducing scale rental subsidy over this period starting with 100% subsidy in year 1. From October 2017 this reduced to 70% (a cost to the organisation of £1227.50), with a benefit in kind for this year valued at £7,175 plus £2,350 attributed to parking costs. Discussions are underway to explore extending the existing lease arrangements.
3. The costs estimated for the financial year 2018/19 are £361,145 a considerable increase of due to the service expansion from the previous year, and the funds will be agreed with Spelthorne to cover the additional cost. The VSNS board now operates a balanced budget which provides security for the organisation and its staff.
4. VSNS receive a grant of £30,000 and enters in to an agreed service level agreement to performance; this is attached as a background paper.

VSNS Services and Community Support

5. The services provided are varied and include, all governance related issues, training, and specialist funding advice, together with partnership working in many capacities some of which provide additional funding streams such as the Integrated Care Service lead by the Surrey Heath Clinical Commissioning Group, and volunteering opportunities which places an average of 140 people per year.
6. The organisation works hard to provide a good communication platform of the services and support available to its 800+ emails clients, who receive a weekly update of the latest information available.
7. VSNS also administers a vetting and barring service for local voluntary organisations, and this provides on average 75 checks locally in Surrey Heath per year.
8. The corporate volunteering and engagement programme continues to grow building good relationships with local business, such as Costa, Costco, ADP, Enterprise, and Collectively Camberley.
9. Providing funding advice and training both in terms of eligible sources of funds and support with funding applications. A bi-weekly fundraising brief will be targeted at local charities.
10. To provide essential development work in the area of deprivations in the Borough including St Michaels and The Old Dean.
11. Works collaboratively to seeking funding that delivers services fulfilling local need, such as the social prescribing project with Citizens Advice Surrey Heath.

12. To manage and chair the forums for mental health and generally doing joined up working with the local CCG to ensure the best outcomes locally, such as the recently introduced Amigo Project.
 13. To assist the SHCCG in delivering social prescribing via their integrated care model.
 14. To be the collective voice of the third sector locally and nationally when required.
 15. To organise, host and deliver events around thanking and supporting good practice such as the Volunteer Awards.
-
16. The Committee is asked to consider the presentation in relation to Surrey Heath any future steps which Members would wish to recommend to the Executive and/or Council.

Presentation -- The Hope Hub

Portfolio	Transformation
Ward(s) Affected:	All

Purpose

To receive a presentation by Mags Mercer, Chief Operating Officer of the Hope Hub.

Background

1. The Churches Together Camberley group recognised there was a need to respond to the SHBC independent consultation on homeless services: by providing a central hub in one location to provide services such as debt advice (Frontline), food support (BESOM) and Job Club support plus and other for individuals in hardship and need. The concept of a day service emerged as a safe place to come and be encouraged to positively move towards improving their live(s).
2. The Hope Hub is a newly formed independent charitable Incorporated Organisation. This concept focuses upon a service around the person, with the initiative being supported by the Council, but is a stand- alone organisation which consists of partners from local faith organisations, with Karen Kendall as its Chairman. It was awarded a Community Fund Grant in March 2018 to assist with the set-up costs.
3. This organisation is a delivery partner for Housing Services within the Council.
4. **The Hope Hub**
5. The Hope Hub unofficially opened its doors from its present temporary location in St Tarcisus House, London Road, Camberley in April 2018, with the official opening on the 13th July.
6. The project focusses upon assisting homeless people (18+), those at risk of homelessness, with precarious housing accommodation (sofa surfing), in unemployment, with financial difficulties, those who may be generally vulnerable and/or suffering with mental health needs and those who need assistance/referral with addiction support.
7. The organisation accepts referrals from all, and has a Service Level Agreement with Surrey Heath that ensures of a local priority.
8. There are presently 30 with a waiting list of 4.
9. The services provided are limited at the temporary existing location.
10. The Committee is asked to consider the presentation in relation to Surrey Heath any future steps which Members would wish to recommend to the Executive and/or Council.

Presentation -- Boom Credit Union

Portfolio	Transformation
Ward(s) Affected:	All

Purpose

To receive a presentation from Catherine Illingworth, Boom Credit Union.

Background

1. Credit unions are committed to being responsible lenders, making ethical choices, and by promoting saving and good money management by giving people access to credit at fair and reasonable rates of interest, and using member's savings to benefit all members and the community.
2. Boom is a credit union has offices that are based in Crawley, West Sussex its membership is available for those who live and work in Surrey, West Sussex and Kingston. The organisation is independent not-for-profit; it is owned and controlled by its members. To use the credit union's services you must be a member.
3. Credit unions have been around for decades and today there are more than 40,000 credit unions in 79 countries. There are 118 million other people around the world who believe in and benefit from the ethical and community banking approach that credit unions share.
4. Credit Unions are regulated by the same authority as high street banks. Savings with the credit union are protected by the Financial Services Compensation Scheme, and they are regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

5. How Boom Works

6. There are a range of services available which fall in two main categories, firstly, saving, in becoming a partner which is available either Corporately for staff who can as a Save As You Earn scheme which builds the saving habit, and the members can access special loan rates and a host of discounts and special offers). Secondly, this enables the funds to offer low cost loans to its members.
7. The day-to-day operations are in the hands of a team of staff and volunteers led by a team of up to 5 directors. Boom is a co-operative with all members having an equal vote in the decisions of the organisation. Any profits that are made are paid out to our members in dividends, rather than to shareholders.
8. At present there are over 6,000 members who access, loans and prepaid cards and save. This gives a total investment of £4.2 million.
9. The partner list is extensive with leading employers in West Sussex, Surrey and Kingston, which includes Surrey County Council, Guildford, Woking and Runnymede Borough Councils plus a link too many local schools have been established from the introduction of a Junior Saver schemes aimed to encourage children to be responsible with their money from a young age.
10. The Committee is asked to consider the presentation in relation to Surrey Heath any future steps which Members would wish to recommend to the Executive and/or Council.

**External Partnerships Select Committee
Work Programme 2018/19**

Portfolio:	Corporate
Ward(s) Affected:	n/a

Purpose (Revised)

To update the Committee Work Programme for the 2018/19 municipal year

Background

1. The External Partnerships Select Committee will be appointed by the Council at its annual meeting on 16 May 2018 for the period 2018/19.
2. Part 4 of the Constitution requires the Committee to agree a work programme for each municipal year.
3. The Committee Work Programme may develop through the forthcoming municipal year, to meet new demands and changing circumstances. The Committee will be expected to review its work programme from time to time and to amend as required.

Work Programme 2018

4. The Committee is scheduled to meet on the following dates in 2018 /19 municipal year:
 - 12th June 2018
 - 11 September 2018
 - 13 November 2018
 - 19th February 2019
5. The Committee is responsible for scrutiny of other agencies which affect the economic, social and environmental well-being of the Council's area, including the Health and Wellbeing Board and the Police and Crime Panel. It also carries out the Council's statutory crime and disorder function and will receive regular updates on community safety in the borough from the Neighbourhood Inspector.
6. The amended work programme for 2018/19 is set out below:

Meeting Date	External Partner
13 November 2018	Surrey Police and Crime Commissioner Surrey Police – Serious and Organised Crime Surrey Police – Local Neighbourhood Inspector
19 February 2019	Citizens Advice Surrey Heath Camberley Alzheimer Café//Camberley Job Club Eikon /Surrey Youth Council Surrey Heath Lottery

7. A list of other possible items is attached at Annex A, though this is not comprehensive and only intended to be indicative of the sort of areas covered in previous years.

Proposal

8. Members are asked to agree an outline work programme for 2018/19.

Resource Implications

9. Resource implications will depend on the issues brought before the Committee. The implications both in terms of prior to/during the meeting and any resultant work will have to be assessed when individual meetings are planned and the Committee decisions are known.

Recommendation

10. The Committee is asked to consider a work programme for the remainder of the 2018/19 municipal year.
