**Kings Arms Public House, Bagshot. Application for change of licence**

Dear Sir

Please accept this letter of objection to the requested changes to licencing agreement at the Kings Arms (Greene King Retailing Ltd).

Over the last fourteen years the Kings Arms Has a long history of complaints by local residents of loud amplified music, and disturbances.

Each time the license comes up for renewal the Licensee tries to impose changes to increase more nights of loud amplified music and events without considering the close proximity of their neighbours in the High St, Waverley Rd. and Cedar Close.

It is also noted there have been a number of incidents where Police have been called to control various disturbances.

I feel each time the license comes up for renewal the council does not consider the noise environment and the local residents' objections.

Yours sincerely,

D E J Daly

POST ROOM

Dear Sir

re Kings Arms Public House Bagshot  
Notice to vary licence.

I am writing to oppose the above application  
to vary their licence.

The proposal includes unlimited live/disco music  
which even under the current licence creates disturbance  
in the Cedar Close area as it backs onto the  
Public House.

There are already not infrequent disturbances  
in the area, only in the last week the Police  
were called over fights.

I trust the views of residents are considered  
in this matter.

Yours faithfully

It has been brought to our attention that the notice of intention to vary
