Subject: Electric Vehicles

Hi Paula

Hope your well.

I was wondering if you could let me know the council position and legislation towards electric private hire and hackney carriage vehicles. Is there still a time limit on these vehicles and/or a minimum range required. I was looking to invest in these vehicles to become more sustainably and reduce our carbon footprint but would like more information on the council guidelines. Although there is a government grant for these vehicles, they are considerably more expensive so will need to find out if it would be financially viable.

Kind Regards

Imran
