**APPLICATION 18-1099**  
All roofed cladding to be JCI cleantech, prepared with protective coating and redecorated. Any damaged areas of iron profile cladding to be replaced with new to match existing profile.

**APPLICATION 18-1099**  
Existing cast iron downpipes to be prepared and redecorated. Any damaged pipes to be replaced with new matching material, size and colour.

**APPLICATION 18-1099**  
New aluminium louvres to locally ramp up to existing entrance door to provide level platform and threshold, with clear zone at threshold.

**APPLICATION 18-1099**  
Existing ground surrounding church to be graded, lowered to be minimum 200mm clearance between ground line and top of external concrete plinth.
